2024 SPRING SUMMER WHOLESALE CATALOG  
PROUDLY HANDMADE IN THE USA SINCE 2013

## *Note from Dawn*

I've been researching for days, hoping for inspiration, wanting to be excited about upcoming trends and...I'm just not. Every new item and design in this catalog came straight from my gut and heart.

I was recently asked what I do for a living. My response "I make people happy!" I make magic out of sprinkles and baking soda. I design a lot of fun gift items out of very little. It's hard, exhausting, a lot of times frustrating, but every single year my staff and I make A LOT of people happy. I'm not sure it gets any better.

I've tried my hardest to give you a lot of new items to keep your shoppers coming back and wondering what's new. Our new Sensory Surprise Bombs are one of my favorites. My only grandson struggled a lot his first few years with sensory issues. I gave him baths so long in my kitchen sink he literally wouldn't fit anymore. I knew if I could find something to make other kids like Hank happy, parents might stress a little less over a chore that seems so simple for so many.

My next fav this time is our brand-new America's Sweetheart line. It's the new baby for sure. Cute and sweet, with sleepless nights in the beginning. I've poured my last bit of energy in this one. As I created the line, I thought a lot about what the term America's Sweetheart means. I'm anxious to watch it grow and see who follows. I'm hopeful to capture a sweet group of buyers who love life, themselves and aren't afraid to reach high. As a mom of 3 tweens, there are so many not-so-great things and people to follow - America's Sweetheart...Does it get any sweeter?

Wishing you all HUGE success in 2024. From the bottom of my heart, thank you for allowing me 1 more year.

XOXO,  
Dawn Andrews  
Founder/CEO

# About us

## unique selling points

Since the beginning, garb2ART has taken ordinary bath items and added a fun twist. Our goal has always been to offer affordable products that benefit your skin, with an out-of-the-box aesthetic. From our original donut bath bombs with hand dipped sprinkles to our glow in the dark donut bombs and lighted lip gloss, garb2ART continues to drive specialized products into the marketplace. With the added benefits of shea butter, jojoba gel and grapeseed oil—bath and body connoisseurs continue to see garb2ART as a daily routine win!

**DAWN ANDREWS**  
Founder and CEO

## company story

garb2ART's premium, handmade bath and body products offer every day personal care items in magical and creative designs. We use high-end, natural ingredients coupled with attractive aesthetics to offer customers a top shelf experience. We have crafted and grown a line of products that are known for leaving sweet smelling, baby soft skin. With an added touch of creativity and reusable/recyclable packaging—our fans continue to come back for more. All of our products are manufactured in Central Indiana under the direction of our Founder and CEO, Dawn Andrews. As the owner, Dawn feels it's extremely important to give back. During the COVID shut down, Dawn was able to pivot production overnight and hire dozens of unemployed hospitality workers to fill hand sanitizer. Dawn continues to stay involved locally with hospital foundations and domestic violence shelters.

## target market

Our target market focuses on over 70 million females in the US, tweens to 55. We continue to build a strong social media presence on Facebook and Instagram to emotionally connect with our audience. We want followers to experience how adding garb2ART into daily routines can truly give them a magical feel.
